## PRIVATE-KITS

| Item # | Kit / System Name | Technical Specifications & Inclusions | Required Quantity | Asset Classification |
|---|---|---|---|---|
| 01 | **Complete Educational Robotics DIY Kit** | Microcontroller-based robotics kit with intelligent programmable brick/brain, chassis, infrared & ultrasonic sensors, gear motors, and visual programming software | **2 Kits** | **Permanent Asset** |
| 02 | **Mechanical Modular Construction Kit** | Metal and ABS engineering building system (beams, plates, gears, pulleys, axles, wheels, compatible with servo motors) | **2 Kits** | **Permanent Asset** |
| 03 | **Automobile Mechanism Kit** | Automotive mechanism learning set featuring working rack-and-pinion steering, differential gears, transmission, and suspension | **1 Kit** | **Permanent Asset** |
| 04 | **Educational DIY Drone Assembly Kit (Unassembled)** | **100% Unassembled DIY Quadcopter Kit** (NOT pre-built); includes modular composite frame, 6 motors (4 active + 2 spare), 12 balanced nylon propellers (4 active + 8 spare) with 360^° crash guards, STM32F4-based flight controller with 6-axis gyro/accelerometer & barometer, 2x LiPo flight batteries (1 active + 1 spare), USB balance charger, LiPo fireproof safety bag, 2.4 GHz 6-channel radio transmitter & receiver, and step-by-step DIY assembly guide | **1 Kit** | **Permanent Asset** |
| 05 | **3D Printer (FDM) Kit & Toolkit** | Fused Deposition Modelling (FDM) 3D printer (160× 160× 160 mm build volume, heated bed, 0.4mm nozzle, LCD screen) with repair toolkit | **1 Unit** | **Permanent Asset** |
| 06 | **Dedicated 2-Hour UPS Power Backup** | Heavy-duty Uninterruptible Power Supply (UPS) with 2-hour battery backup for 3D printer power protection | **1 Unit** | **Permanent Asset** |
| 07 | **PLA 3D Printer Filament Spools** | High-grade 1.75mm PLA filament (1 kg spools in standard colours: Black, White, Red) | **3 Spools (3 kg)** | **Consumable** |
| 08 | **Sealed Filament Storage Containers** | Moisture-proof airtight filament storage boxes with reusable silica gel desiccants | **3 Units** | **Permanent Asset** |
| 09 | **Digital Storage Oscilloscope (DSO)** | 50 MHz bandwidth, 2 channels, 1 GSa/s real-time sample rate, 7-inch color LCD, built-in function generator, USB interface | **1 Unit** | **Permanent Asset** |
